Carstairs Branch—E. D. MacGregor, Mgr.

## AROUND THE TOWN

Rev. Mr. Jennings of Bergen has removed to Morningside, north of Red Deer.

E. Morrison of Calgary came up on Saturday to spend the week end with his family.

Mr. J. A. Lang, brother of J. J. Lang, came up from Ontario the first of the week to see Jake and left for Edmonton on Tuesday.

Messrs. Ralph and George Metzgar of Lacombe, and Henry of Medicine Hat, all came home on Saturday to attend the funeral of their friend, Mr. John Laycock, which took place on Sunday.

Rev. Mr. and Mrs. Daum entertained the young people of the Evangelical church on Tuesday night, April 1st. The evening was spent in a sociable and helpful manner, after which a dainty lunch was served.

The Ladies' Aid of the Evangelical Association entertained their husbands at the home of Mrs. H. Reiber on Friday evening last. A well prepared program was rendered by the ladies, which was much appreciated by those present, after which a delicious lunch was served.

The Bijou moving picture theatre, opposite the Pioneer office, continues to draw good crowds every Tuesday and Friday night. The success of the undertaking is assured if Mr. Usher, the manager and proprietor, continues to give his patrons as good service as he has done lately.

Rev. C. H. Huestis, Secretary of the Lord's Day Alliance will hold a service in the Evangelical church on Sunday afternoon at 3 o'clock. Everybody welcome. In the evening Mr. M. Weber will conduct the services and on the following Sunday Rev. F. E. Martin will conduct both services.

Mr. I. N. Kaufman of Port Arthur, Ont., has bought out the general store business of Reitzel & Kalbfleisch and is now busy taking stock and getting things fixed up generally for a large stock of new goods. Mrs. Kaufman also came to Didsbury last week and they will reside in the Clemens house.

Rev. J. S. and Mrs. Daum left on Monday to attend the Conference in Hanover, Ont., and will also visit for a short time at Alfeldt. They expect to be absent for about six weeks and will visit in several places in Ontario and the States before returning. Services in the Evangelical church will be conducted as usual by supplies.

J. J. Lang is leaving for Three Hills in a few days and intends going into the barber business there. Three Hills will be the gainer by Jake's presence as he is considered one of the best barbers that Didsbury ever had. Jake was one of the first barbers Didsbury ever had and a few of his friends started to figure up how many acres of face ground he had shaved since coming to Didsbury six years ago and it figured out to about one acre. Some face to go over with a razor, eh!

(Continued on last page.)

**WE** are getting more every day. More what?

More satisfied coal customers, of course.

We have a few loads of good, dry Poplar stove wood, also some good 14 and 18 ft. poles on hand.

**TUESDAYS and FRIDAYS**

**Six Reel Show Each Evening**

The hall is to rent for Dances, Meetings, etc. Low rental.

**R. H. USSHER,**

Lessee and Manager

## Some Things to Think About

Why did the Sifton government have writs issued for an election just before 12 o'clock at night the same day the house prorogued?  
Why this attempt to get a snap verdict from the electors of Alberta?  
Why did the Hon. C. W. Cross do the same thing four years ago?  
Why did the Sifton government refuse to support a bill to allow 30 days' time after the Legislature prorogued before the writs for an election could issue?  
Why should the government refuse to give the electors of Alberta ample time to understand the issues before the country?  
Why did the Sifton government refuse to allow a commission of chartered accountants to audit the Provincial accounts?  
Why did the Rutherford-Cross government guarantee the A. & G. W. Railway Company for \$20,000.00 per mile for 350 miles.  
Why did the Sifton government guarantee the bonds of the Edmonton Dunvegan and British Columbia Railway Company for 350 miles for \$20,000.00 per mile?  
Why did the Sifton government not bring before this session of the Legislature any proposal for a settlement of the A. & G. W. entanglement?  
Why does the Province pay \$1,000.00 a day interest on A. & G. W. bonds when they have no use of the money?  
Why did the Sifton government pass illegal and confiscatory legislation to plunge the Province into litigation and a loss of millions when a simple business settlement could have settled it for all time to come?  
Why did the Sifton government pay \$1,000,000.00 in interest during the last three years on money which they have not had the use of?  
Why is the Province paying over \$1,000,000.00 in interest while the Province only has a departmental revenue of less than \$2,000,000.00 per year?  
Why is the Provincial credit being impaired to such an extent that the Province was required to pay 5 3/4 per cent. on their money?  
How long will it take before the fixed interest charge of the present government exceeds the total Provincial revenue, going behind at the rate of five million dollars per year?  
If the Sifton government have loaded the Province with an authorized debt of \$19,400,000.00 in three years, what will the debt of the Province be in four years more should the same government be returned to power?  
How long will it be at the present rate of piling up debt, without providing a sinking fund for the repayment, before we will be called upon to pay direct taxation to redeem our obligations?  
Why have we so little money for roads, bridges, drainage, and for other purposes of development of the country, while the credit of the Province is being depleted by promotion of railway schemes?  
Electors! An honest answer to these questions will mean an honest vote for a change of government. A government which will stand for Control of Natural Resources; Increased Revenue from Resources for Development and Payment of Public Debt; Good Roads and Drainage; Immediate Settlement of the A. & G. W. Question; Cheap Money for Settlers; Responsible Government; Efficiency, Economy, and Business Administration; Rapid Railway Construction.

Yours for good government,

## FARMERS LOSE BY GRAIN MIXING

Facts Brought Out at Grain Investigation, at Minneapolis Show That Elevator Companies are Large Gainers Through Being Allowed to Mix Wheat.—Scandals Attached to Investigation—Sample Market and Mixing go Hand in Hand.

In the recent investigation by the legislature of Minnesota into methods of grain selling and handling some very interesting facts were brought out.

The committee appointed by the state senate had before it last Saturday the heads of the department of grain inspection and took sworn testimony of the chief clerk of the chief inspector of the state as well as that of the chief inspector. The close relation that exist between the sample market and the system of mixing by elevator companies, which is permitted by the laws of Minnesota was emphasized.

Tables were shown giving the number of bushels of wheat various grades received at the Minneapolis elevators and the number of bushels of the same grade which was shipped out of the same elevators. The tables showed the figures for a two-year period, beginning September 1, 1910, and ending August 31, 1912.

The fact that the Minneapolis elevators received 15,511,515 bushels of No. 1 Northern wheat during those two years and shipped out in the same period 19,978,777 and had on hand 114,353 bushels, making a total of 20,093,130 bushels, was brought out. As a result of the privilege of mixing the elevators had alone 4,521,555 bushels of No. 1 Northern wheat from the lower grades of wheat purchased from the farmers.

The table of figures relating to the receipt and shipment of the various grades tell the whole story of the results of the mixing privilege. The same condition is found when the figures on No. 2 Northern are presented, even though the grain in this grade is not so large. During the two-year period the Minneapolis elevators received 20,414,584 bushels of No. 2. On August 31, 1912, they had shipped out 22,242,410 bushels and still had on hand 51,648 bushels, making a total of 22,294,058 bushels, or a gain of 1,880,

516 bushels.

When the tables on No. 3, No. 4, "rejected" and "no grade" wheat were explained it was easily shown where the grain in No. 1 and No. 2 came from. In the last four instances there was a loss in the elevators. There were 9,777,031 bushels of No. 3 received during the two years. The shipments amounted to 7,664,232 and on August 31, 1912 the elevators had on hand 140,624 bushels. The total of No. 3 wheat, either shipped or on hand, was 7,804,856 bushels. There was a loss in No. 3 grade of 1,972,175 bushels.

In No. 4 grade the elevators received 2,812,653 bushels and shipped out 624,433 bushels. The loss in this grade was 2,188,220 bushels.

The "rejected" wheat tables showed the same condition. In this case there were 1,175,513 bushels received and 621,773 bushels shipped out, making a loss of 553,740 bushels.

But it was in the "no grade" class where the largest loss appeared. Here 4,695,595 bushels were received. At the end of the two-year period 1,000,945 bushels had been shipped and there was on hand 249,393 bushels, making a total of shipped and on hand of 1,250,338 bushels and leaving 3,445,257 bushels entirely unaccounted for.

Cases of individually owned elevators were also cited to the senate committee. One of these had received 215,142 bushels of No. 4 wheat and at the end of the two-year period had not shipped out one bushel of this grade and did not have one bushel on hand. In other words, every bushel of this grade, the grade for which the farmer was paid, was mixed and came out in the No. 1 and No. 2 Northern grades, the grade for which the elevator owner sold it.

The elevator men who have testified before the senate committee and the house committee have argued that the grain which they make by being allowed to mix is largely offset in the cost of the mixing process. This fact is vigorously disputed by James A. Manahan, counsel for the house committee, recently elected congressman-at-large for the state of Minnesota. Mr. Manahan's contention is that the farmer is the loser by many millions every year under the present system.

"When the elevator companies buy the wheat they give the farmers the prices prevailing that day for No. 2, 3 'rejected' or 'no grade' wheat," Manahan at one of the sessions. "On that same day, these same elevator companies sell a future on No. 1 and 2 for practically that same amount. Their experience has taught them that they can mix the lower grades so as to sell the future order with No. 1 and 2.

On that very day they make a profit ranging from the price they paid for the lower grades and the price for which they sell the future on No. 1 and No. 2. In my opinion this nets them a profit amounting to hundreds of thousands of dollars. True it is that there is some expense in the mixing process but even so I believe that the elevator man is making an enormous profit, a profit way out of proportion."

F. W. Eva, chief of the grain inspection department, when asked regarding the relation of the system of mixing with the sample market, said: "A sample market would be of no value without the privilege of mixing. The two go hand in hand. I believe that the elevator men, having the privilege of mixing, can pay a premium for the upper level of the grade."

In another statement made before the committee Mr. Manahan said there was no doubt that the elevator companies are getting much of the profit that should be going to the farmer.

Always keep out of a domestic misunderstanding, even if it is your own.

## The Easy Laxative

In justice to yourself you should try Rexall Orderlies,---your  
money back if you don't like them. They are a candy con-  
fection that really do give easy relief from constipation.

Good health is largely dependent  
upon the bowels. When they become  
stagnant the waste material that is  
thrown off by the system accumu-  
lates. This condition generates  
poisons which circulate throughout  
the body, tending to create coated  
tongue, bad breath, headache, dull  
brain action, nervousness, biliousness  
and other annoyances.

Avoid harsh cathartics and physical.  
They give but temporary relief.  
They often aggravate the real trouble.  
They are particularly bad for chil-  
dren, delicate or aged persons.

### Rexall Orderlies

Come in tablet form, taste just like  
candy and are noted for their easy,  
nothing action upon the bowels.  
They don't purge, gripe, cause  
nausea, looseness, nor the inconven-  
iences attendant upon the use of  
purgatives. Their action is so pleas-  
ant that the taking of Rexall Order-  
lies almost becomes a desire instead  
of a duty.

Children like Rexall Orderlies.  
They are ideal for aged or delicate

persons as well as for the most robust.  
They act toward relieving constipa-  
tion, and also to overcome its cause  
and to make unnecessary the fre-  
quent use of laxatives. They serve  
to tone and strengthen the nerves  
and muscles of the bowels and as-  
sociate organs or glands.

### Make Us Prove It

We guarantee to refund every  
penny paid us for Rexall Orderlies if  
they do not give entire satisfaction.  
We ask no promises and we in no  
way obligate you. Your mere word is  
sufficient for us to promptly and  
cheerfully refund the money.

Doesn't that prove that Rexall  
Orderlies must be right? You must  
know we would not dare make such a  
promise unless we were positively  
certain that Rexall Orderlies will do  
all we claim for them. There is no  
money risk attached to a trial of  
Rexall Orderlies, and in justice to  
yourself, you should not hesitate to  
test them.

Rexall Orderlies come in conven-  
ient vest-pocket size tin boxes. 12  
tablets, 10c; 36 tablets, 25c; 80  
tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all drug-  
gists. You can buy Rexall Orderlies only at the Rexall Stores.  
You can buy Rexall Orderlies in this community only at our store:

## H. W. CHAMBERS

## Conservative Meet- ing Big Success

The big Conservative meeting held  
on Saturday night in the Opera House  
in the interests of G. B. Sexsmith,  
the Conservative candidate, was a  
complete success, the house being  
filled with an intelligent audience  
whose attention was held the whole  
evening listening to the facts the  
speakers presented to them. One of  
the best signs at this meeting was that  
the audience was composed very  
largely of Liberals who gave great at-  
tention to the speakers.

Mr. Norman Clark, President of  
the local Conservative Association,  
was chairman for the evening and  
opened proceedings with a short  
speech introducing Mr. H. S. Patter-  
son, the first speaker on the pro-  
gramme.

Mr. Patterson quoted from the Ed-  
monton Bulletin, the leading Liberal  
paper published in Edmonton, that  
the A. & G. W. question was the most  
important question before the prov-  
ince, and they would agree with the  
Bulletin that it was the most impor-  
tant question before the electors. He  
then gave the history of the A. & G.  
W. deal and asked where did Mr. J.  
E. Stauffer stand on the question.

Premier Sifton has stated that he  
would stand or fall by his A. & G. W.  
legislation and according to con-  
ditions as they now existed he had  
fallen.

Mr. G. B. Sexsmith, the Liberal  
Conservative candidate for the Dids-  
bury constituency, was then intro-  
duced and prefaced his remarks by  
thanking the ladies, of whom there  
were a goodly number present, for  
coming out to the meeting, and he  
took advantage of their presence to  
state that he was in favor of equal  
suffrage legislation because of the  
great influence which the ladies had  
with the men and girls who would be  
the men and women of tomorrow and  
also because he thought they should  
have more control over legislative  
matters. He then took up the fact  
that the Liberal government at the  
last session had refused to appoint a  
commission to look into the financial  
affairs of the province when the con-  
servative opposition had requested  
them to do so; they should have sub-  
mitted to this investigation the same  
as any other business organization but  
were not willing to do so; the electors  
should not look at this matter in the  
light of party politics as the province  
was nothing but a big municipality  
and the government should run their  
business the same as they expect mu-  
nicipalities to run theirs. He next  
took up the liquor traffic question and  
read the plank relating to same from  
the Conservative platform as follows:

"This convention pledges the Con-  
servative party to place the adminis-  
tration of the liquor license ordinance  
beyond the control of party politics,  
and also submit to the vote of the  
electors of the province the question  
of prohibiting the sale of and traffic in  
intoxicating liquors in the province,  
and to pass an act for the total pro-  
hibition of the liquor traffic in this  
province to the full extent of the pro-  
vincial power in that respect, if upon  
taking such plebiscite sixty per cent.  
of the votes are cast in favor of such  
act." He further gave a personal  
pledge: "I pledge myself here before  
this audience that I will support and  
advocate advanced legislation which  
will control the liquor traffic which-  
ever side brings it in." The govern-  
ment hail insurance question was  
taken up and Mr. Sexsmith stated  
that he would stand by the Conserva-  
tive platform in this matter and that  
is the government should provide  
adequate hail insurance until a co-  
operative scheme satisfactory to the  
rural population was adopted and in  
operation. It was not right to allow  
companies to come in and do busi-

ness with only a capital of \$10,000;  
they could do a business to any  
amount and collect a large premium  
and then get out of the province and  
forget this \$10,000 if the year should  
be a bad one. An instance of a  
farmer who had insured with one of  
these companies was given. The  
farmer suffered through a hail storm  
on the 17th of September and found  
upon looking at his policy that it had  
expired on the 15th of September and  
he did not get anything. The gov-  
ernment should have seen that such  
policies could not have been sold,  
they did not protect the farmer. Did  
you hear our former representative  
get up in the house and say he would  
not stand for that kind of legislation?  
The question of country roads de-  
velopment was taken up and it was  
shown that while a very large sum of  
money was being spent on the trunk  
automobile road from Athabasca  
Landing to the boundary line to allow  
of the residents of cities and govern-  
ment officials to go from one end of  
the province to another with their  
autos, very little work was being done  
to fix up the roads running east and  
west to allow the farmers an easier  
access to their local markets or feed-  
ers to the larger markets. Mr.  
Stauffer will tell you that there has  
been a great deal of improvements  
done but when you come to look into  
them you will find that the amount  
has been trifling. He concluded his  
speech by asking the electors for their  
support on the 17th of April.

Mr. E. Michener, leader of the  
Liberal-Conservative party, then  
came forward and gave a very clear  
and lucid address on the shortcomings  
of the late administration. He stated  
that it was unfortunate that party  
politics had been brought into the  
province; a coalition government  
should have been elected at the first  
the same as the old Northwest Terri-  
tories government and the province  
would have had a business govern-  
ment; there was not the same need of  
parties in the province as there was in  
federal matters. The best liberal  
sentiment of the province today was  
antagonistic to Sifton government, in-  
stancing Messrs. Dr. Rutherford and  
McDougall who had offered their  
work and support to the Conserva-  
tives, and there were many other old  
Liberals doing the same. Everybody  
should support good, honest govern-  
ment irrespective of politics; the party  
who had been in power at Edmonton  
represented nothing of the glories and  
traditions of good Liberalism except  
the name. He then explained the  
Sifton-Cross amalgamation and stated  
that Sifton was forced to take Cross  
into the government through one of  
the crookedest bye elections that ever  
took place; he reiterated the charges  
that have been made all over the  
province in regard to this election.  
He spoke on the redistribution bill  
and showed where the Conservatives  
had been given no chance whatever  
in the far northern constituencies be-  
cause of the short date of the elections  
and the long distance to travel before  
nomination day. The supposed sur-  
plus of \$60,000 on telephone business  
was really covered by a deficit of  
\$540,000; there was no sinking fund  
for same. The railway policy was  
then taken up and Mr. Michener  
stated that there were only 400 miles  
of road actually built and in operation  
out of some three or four thousand  
miles pledged. The Conservatives  
would take the money and build the  
roads themselves if the railroads would  
not. Mr. Michener then took up the  
land titles office question, the experi-  
ment farms, the A. & G. W. deal, the  
Edmonton & Duvegan railway policy,  
the indebtedness of the province, the  
public resources question on which he  
dealt at some length, cheap money  
for the farmer, in which he stated that  
the government had guaranteed  
\$50,000,000 for bonds for railway cor-  
porations which are controlled by  
millionaires, it was not too much for

service.

H. ROETH, Didsbury

them to create a fund of \$10,000,000  
for loans to settlers. The Conserva-  
tive party in their platform advocated  
and would support legislation for loans  
to settlers and workers at a low rate  
of interest.

Mr. Michener closed his speech  
asking for the support of Mr. Sex-  
smith, who was eminently qualified to  
fill a place on the floor of the house  
and would be a credit to Didsbury and  
the province.

Mr. Amos Wilson of Westcott  
moved and Mr. David Irwin seconded  
a vote of thanks to the speakers and  
the meeting dispersed with the audi-  
ence singing "God Save the King."

## Tetter, Salt Rheum and Eczema

Are cured by Chamberlain's Salve. One applica-  
tion relieves the itching and burning sensation.

## We are Exposed to Tubercular Germs

every day. Post-mortem examinations often show that tuberculosis had been arrested by strengthening the lungs before the germs gained mastery.

You can strengthen your resistance-power by taking **Scott's Emulsion**. It contains available energy in concentrated form, which quickly nourishes all the organs of the body. *It repairs waste—makes rich, active blood and supplies energy to the starving cells. It's timely use enables the body to resist tuberculosis.*

For stubborn colds and bronchitis nothing compares with **Scott's Emulsion**.

Refuse substitutes—insist on **SCOTT'S**.

Scott & Bowne, Toronto, Ontario 12-47

### A Fine Free Show

The little man had taken his wife and children to see the travelling show. After viewing all the sights that could be viewed for nothing, the entire family lined up in front of a large booth, which advertised in huge letters on the outside: **The Grand Elk—The Wonder of the World.**

On a small ledge in front of this booth paced the showman himself, entrancing all and sundry to come up and view. Presently his attention was attracted by the little man who gazed earnestly and wistfully at him.

"Ere, you, he called. Ain't yer comin' up? It's only sixpence."

But the little man only shook his head.

Can't he whispered. It would cost me eleven shillings if I did. Yer see there's me an' my wife and twenty children.

What! exclaimed the showman, hoarse with incredulity, and pointing to the long line of earnest faces. Are all of them yours?

A nod was the little man's sole answer. Good heavens! cried the man of the booth, as he bounded to its entrance. Don't yer move, gov'nor. Just stay where y're. I'm going to give the Great Elk a treat. I'm going to bring 'im out to have a look at you.

### Pretty Nearly

Two little children had spent the day together, and had sustained an unusual number of accidents. At last, when little Mary, aged four, had added an extra scratch to her share of suffering, she sobbed:

Mamma, aren't me an' Evelyn 'bout tired up?

London.—Ex-Sapper Heritage, Royal Engineers, who took part in the siege of Sebastopol, sang three old camp songs at a concert at Ashford, Kent, on Thursday night. He is 76 years of age.

## RASH ON ARMS ALMOST UNBEARABLE

Looked Like Raw Meat. Itched and Burned So Badly Could Not Rest Night or Day. Arms Sore from Wrist to Elbow. Cuticura Soap and Ointment Completely Cured.

Lower Blandford, Nova Scotia.—"Three years ago I became troubled with sore arms. It came as a rash. My arms looked like raw meat and itched and burned so badly I could not rest night or day. When I scratched they became awfully sore. As long as the weather was warm it didn't bother me so much, but in winter it was almost unbearable. My arms were sore from the wrist to the elbow.

"I used several cures which were recommended to me but without any avail. I saw how I could get a sample of Cuticura Soap and Ointment which I did. I used the samples and found an improvement. Whenever I applied the Cuticura Ointment the itching and burning ceased. I got a full-sized box of Cuticura Ointment and a cake of Cuticura Soap and only used about half when it disappeared and since then I have not been troubled. That was six months ago. Cuticura Soap and Ointment completely cured me." (Signed) Miss Elsie E. Zinck, Mar. 7, 1912.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skins, itching, scaly scalps, dandruff, dry, thin and falling hair, chapped hands and shapeless nails with painful finger-ends, that it is almost criminal not to use them. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient when all else has failed. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 48D, Boston, U. S. A.

### "STOLEN WATERS"

Waters of Ireland's Greatest Lake Stolen From Public by Lord Deputy's Fraud

Dublin, Ireland.—It is a truism that only the busiest men have any time to spare, and it is proved again by the publication of an elaborate historical study by T. M. Healy, the famous Irish M. P., who is as entertaining and brilliant with his pen as he is in speech.

Mr. Healy was one of the counsel in the case concerning the fishing rights in the waters of Lough Neagh, decided by the house of lords in favor of Lord Donegall in 1911, and his book "Stolen Waters," is a careful examination of the evidence on which that decision was based.

The story begins 300 years ago, when James I was king, and Sir Arthur Chichester, a justice of the peace, was lord deputy of Ireland. King James persuaded the corporation of London to plant certain territories in Ulster. They spent some \$300,000 and they were promised in return land in Derry and the fishing of Lough Foyle and the river Bann. According to Mr. Healy, the Londoners were defrauded of their rights in the Bann, which with Lough Neagh, form the river issues, was appropriated by Chichester by letters patent, sealed by the lord deputy in his own favor without the consent or knowledge of the king.

Strafford, an honest man and always jealous for the rights of the crown, compelled Chichester's heir to restore the stolen waters (the phrase is, of course, Mr. Healy's) but after the Restoration they again reverted to the family.

For generations, Mr. Healy tells us, the patent privileges were unassisted as far as Lough Neagh was concerned. In 1878, indeed, the house of lords upheld the public right to fish, but this decision was reversed two years ago.

The embargo on Lough Neagh deprives the public of the profit of their greatest lake, in behalf of private individuals. To toil one's daily bread in a perilous and precarious calling is no enviable birthright. Since the world was young this craft has been freely plied by the longshoremen of Lough Neagh. The right to exercise it they defended at the Seats of the Mighty, only to find that the law rejected their claim to earn a livelihood. To be bereft of one's living and see a scanty patrimony decreed to strangers is ill to bear, but the law is made harder when the pretext for confiscation is alleged to be some musty letter from Cromwell or a reckless farrago of the worthless Stuarts.

Mr. Healy tells his story with enthusiasm and thoroughness. The pursuit, if not exhaustive, has not been without pains. A trail three centuries old is hard to follow. He concludes with a characteristic comparison between the methods of the English in Ireland and of the Romans in Judea.

Under the Roman occupation of Judea no injunction was issued to deprive Hebrews of their fisheries. Of the custom of the lakes of Galilee and Gennesareth there is evidence to go to a jury that the local tribesmen could betimes let down their nets for a draught. Nor is there mention of letters patent by Pontius Pilate or Herod to fish the river Jordan into their own hands.

But surely the sea of Galilee and the lake of Gennesareth were one and the same.

### ELDORADO FOUND IN BOMBAY

Vast Tract Rich in Gold and Other Valuable Minerals Discovered

Calcutta, India.—The romantic discovery of mineral wealth on a vast scale is reported from an area covering 1200 miles in the Dabhum district, about 150 miles from Calcutta. Extensive deposits of gold, copper, coal, iron, asbestos, mica and manganese are reported to have been found.

The estate of Prince Mohamed Buktear Shah who died a month ago, is in the hands of the official receiver, who engaged an expert geologist, Phillip Billingshurst, of Vancouver, to survey the estate and ascertain its value. The expert declares that the estate possesses immense quantities of iron ore, some millions of tons, averaging between 45 and 70 per cent metal.

Several important gold finds are also reported. The expert discovered a Santhali woman, reputed to be 110 years old, earning a competence by working free gold in a secret place she discovered fifteen years ago. She was induced to disclose the source of her wealth by a present of a silk shawl and a few rupees, and the expert, on sinking a trial shaft, found quartz yielding 130 ounces of gold to the ton.

He says the rich leaders and stringers of auriferous quartz would yield fabulous amounts and concludes: "I daily expected to confirm the opinion that I was on the site of what is potentially one of the world's greatest gold fields, and it was with great regret I had to leave much ground unexplored."

### Dog's Remarkable Journey

London.—Some time ago the Rev. W. Y. Fullerton removed from Leicester to London. He brought with him a terrier, which was sent back to Leicester and then to Birmingham. A few days after its arrival there it disappeared and it was subsequently found by the police in the metropolis. The dog's condition was such that it is believed it found its way from Birmingham to London by road, a distance of 100 miles.

## Cure Your Sore Throat Nerviline Will Do It

Blessed Relief Comes Quick, You Get Comfort, Every Pain Disappears

"Experience has taught me that the quickest way to cure a sore throat is with Nerviline," writes Mrs. Enoch P. Maclean. "My children always seem to get wet feet and stay out in the cold, and in consequence I have to keep a good household remedy handy. I rub in Nerviline almost every hour, give the children say twenty drops in hot sweetened water, and make them gargle with it. I have yet to see the cold this won't break up quickly."

From the La Harve Islands, N.S., Mrs. John Walford writes:—"We have been using Nerviline for about nine years, and find it excellent. When we find any of us getting a cold we take Nerviline in hot water. It is a sure relief for it, and is also an instant relief for internal pains of any kind."

The remarkable pain-subduing power of Nerviline and its ability to check colds, influenza and sore throat is unequalled. Every house should have Nerviline handy on the shelf for sudden illness at night, like cramps or internal pains. Large family size, 50c; trial size 25c., at all storekeepers or druggists, or The Catarthozone Co., Buffalo, N.Y.

### Prison Wedding

Paris.—A widow named Blondeau, recently sentenced to two years hard labor will be married shortly in Versailles prison to an old sweetheart, Jean Jaquier.

Los Angeles.—Fred Emney appeared for the thousandth time in "A Sister to Assist 'Er" at the Palladium last night.

### Beware of Ointments for Catarrh that Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is too often told to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists, or by mail, for 60c. per bottle. Send Hall's Family Pills for constipation.

There's a great difference between peace of mind and piece of mind.

Attacked by Asthma. The first fearful sensation is of suffocation, which hour by hour becomes more desperate and hopeless. To such a case the relief afforded by Dr. J. D. Kellogg's Asthma Remedy seems nothing less than miraculous. Its help is quickly apparent and soon the dreadful attack is mastered. The asthmatic who has found out the dependability of this sterling remedy will never be without it. It is sold everywhere.

Say, your beasty dog bit me, said the indignant tramp.

Oh, that'll be all right, replied the woman at the door. I have another.

### Minard's Liniment Cures Dandruff

Raised Himself

Lady—How much are these chickens?

Market Man—One dollar.

Do you raise them yourself?

Oh, yes. They were 10 cents yesterday.

### PILES CURED IN 5 TO 14 DAYS

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, burning, bleeding or protruding Piles in 5 to 14 days. 50c.

The young man sat and sat and talked and talked.

About 11.30 said Love, I'm going away.

The young lady showed interest for the first time since 8.30.

When do you start? she inquired.

### TRAINED NURSE

Remarks About Jourishing Food

"A physician's wife gave me a package of Grape-Nuts one day, with the remark that she was sure I would find the food very beneficial, both for my own use and for my patients. I was particularly attracted to the food, as at that time the weather was very hot and I appreciated the fact that Grape-Nuts required no cooking."

"The food was deliciously crisp, and most inviting to the appetite. After making use of it twice a day for three or four weeks, I discovered that it was a most wonderful invigorator. I used to suffer greatly from exhaustion, headaches and depression of spirits. My work had been very trying at times and indigestion had set in."

"Now I am always well and ready for any amount of work, have an abundance of active energy, cheerfulness and mental poise. I have proved to my entire satisfaction that this change has been brought about by Grape-Nuts food."

"The fact that it is predigested is a very desirable feature. I have had many remarkable results in feeding Grape-Nuts to my patients, and I cannot speak too highly of the food. My friends constantly comment on the change in my appearance. I have gained 9 pounds since beginning the use of this food."

"There's a reason." Read the little book, "The Road to Wellville" in pinks.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

### A Dry Job

An Irishman sought employment as a diver. The firm chanced to need a new man. And so on the following Monday morning Pat hid his snail for the first time in a diving helmet.

Now the job upon which the crew to which Pat had attached himself was working in comparatively shallow water, and Pat was provided with a pick and told to use it on a ledge below in a manner with which he was already familiar.

Down he went with his pick, and for about fifteen minutes nothing was heard from him. Then came a strong determined pull on the signal rope, indicating that Pat had a very decided wish to come to the top. The assistants pulled him hastily to the surface, and removed his helmet.

"Take off the rest of it," said Pat.

"Take off the rest of it?"

Yes, said Pat. O'll worrik no longer on a job where Oi can't spit on me hands.

### A Safe Pill for Suffering Women.

The secluded life of women which permits of little healthful exercise, is a fruitful cause of derangements of the stomach and liver and is accountable for the pains and lassitude that so many of them experience. Parlee's Vegetable Pills will correct irregularities of the digestive organs and restore health and vigor. The most delicate woman can use them with safety, because their action, while effective, is mild and soothing.

### They Wanted to Hear It

Now, children, said the teacher to her kindergarten class, I want you all to be very quiet, so quiet, in fact that you could hear a pin drop.

Everything had quieted down nicely and the teacher was about to speak when a little voice in the rear of the school room squealed forth: Go ahead, please, teacher, and let her drop.

### HE SENT HIS "BEST" REMEDY

The young daughter of Mrs. T. S. Dougall, 623 Flora Avenue, Winnipeg, was arranging some of her doll's washing on a clothes rack, beside the stove, when she fell, and her hand came in contact with the hot stove. She sustained a serious burn, and her screams brought her mother quickly to the spot.

"I sent to the druggist for the best remedy he had for burns," she says, "and he sent back a box of Zam-Buk. He said that there was nothing to equal it. I applied this, and it soothed the pain so quickly that the child laughed through her tears. I bound up the hand in Zam-Buk and each day applied Zam-Buk frequently and liberally, until the burn was quite cured."

"The little one was soon able to go on with her play, and we had no trouble with her during the time the burn was being healed."

Zam-Buk Soap should also be used by all mothers for baby's bath and for skin troubles, rashes, pimples, etc.

All druggists and stores sell Zam-Buk at fifty cents box; a 3 Soap at 25c. tablet. Post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

### It Wouldn't Tell

Family Physician: "I am afraid you have been eating too much cake and sweetstuff. Let me see your tongue?" Little Girl—Oh, you can look at it, but it won't tell.

### FOR BABY'S SAKE

For baby's sake a reliable medicine should always be kept in the house—one that will quickly relieve any sudden illness of baby—regulate the bowels, sweeten the stomach and drive out colic, worms, colds, etc. Such a medicine is Baby's Own Tablets. They are guaranteed by a Government analyst to be absolutely safe and thousands of mothers always keep them in the house—they are the mother's best friend when her little one is ailing. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Sad Day

What do you consider the saddest day of your life?

The day I consented to let my wife do her own cooking.

### Minard's Liniment Relieves Neuralgia

But are you sure? persisted the grouchy customer, that this 'ere stuff will cure my rheumatism?

Oh, yes, replied the drug clerk; all the doctors refuse to recommend it.

"I am an old man—and many of my troubles never happened."—ELBERT HUBBARD

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What oil is to the friction of the delicate parts of an engine—

## DR. PIERCE'S Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Neuralgia "is the cry of starved nerves for food." For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

DR. PIERCE'S PLEASANT PELLETS Relieve constipation, regulate the liver, and bowels. Easy to take as candy.

## Every Woman Should Use

Abbey's Effervescent Salt

That splendid, pleasantly bubbling tonic which stimulates organs and rids the blood of impurities. Rosy cheeks and vigorous health reward the daily use of Abbey's Effervescent Salt.

Take A Bottle Home To-day.

## At all Druggists

Price 25¢ 60¢

### Bluff

Mr. Badgerton is here, sir, said the chief clerk. Shall I show him in? No, replied the great organizer, let him wait in the ante-room for about three-quarters of an hour. He has a big proposition, but I am anxious to keep him from getting the idea that I consider it worth while.

## Dr. Morse's Indian Root Pills

are just the right medicine for the children. When they are constipated when their kidneys are out of order—when over-indulgence in some favorite food gives them indigestion—Dr. Morse's Indian Root Pills will quickly and surely put them right. Purely vegetable, they neither sicken, weaken or gripe, like harsh purgatives. Guard your children's health by always keeping a box of Dr. Morse's Indian Root Pills in the house. They

### Keep the Children Well

### She Was Fatig

Oxygen oxygen, madam. That is what you need, said the eminent specialist. Come every afternoon for your inhalations. They will cost you \$2 each.

I knew our family physician didn't understand my case, declared the fashionable patient. He told me all I needed was plain, fresh air.

## LOYALTY OF CANADA

PROMINENT SPEAKERS AT BANQUET IN LONDON

The Canadian Club Banquet in London Attended by Many Prominent Personages — Patriotic Speeches Mark the Proceedings, and Much Enthusiasm is Manifested.

London.—Many prominent men attended the Canadian Club banquet. Sir Frederick William Taylor, who was chairman, had on his right Admiral Prince Louis of Battenberg, and on his left Earl Rosebery. Others present included Admiral Sir Major General Sir J. Hanbury Williams, Sir Arthur Lawley, Charles Meredith, Viscount Milner, Sir Felix Schuster, Sir Edward White and Hon. Robert White.

The speeches of the evening lost nothing in interest by being brief. Sir Frederick raised cheers by his reference to the spirit of the United Empire loyalists, which was the dominating element in Canada in the defeat of Reciprocity. It may have been as glib and illogical an act, he declared, as that of their loyalist progenitor, but it showed the same spirit was still alive and that Canada was British to the core.

The chairman went on to speak briefly but earnestly regarding Canada's credit in London. The Dominion, said the banker, was almost entirely dependent for new capital upon Great Britain, and he was compelled to say that the ignorance still existing among men holding high positions in Canada was quite surprising. Some of his countrymen had gone forth to gather money thinking it fell from heaven.

The present Canadian government, pointed out Sir Frederick, was intent upon presenting a considerable sum of money for the construction of dreadnoughts, and his hearers ought to know that sooner or later that money must be borrowed in Great Britain. (Laughter). Criticism, he said, had been levelled quite naturally against certain phases of Canadian borrowing. Let Canadians, he said, be true to themselves, remembering that the maintenance of Canada's credit in London money markets was vital, and that its curtailment would be serious. He advocated general action in crushing the vendor of spurious Canadian goods in the British market.

The best speeches were of the naval and military order. Sir John Smithers, chairman of the Grand Trunk, who claimed to know something about territorial militia, was positive that the force could not be efficient under present conditions. He deplored the fact that Lord Roberts, at eighty years of age, was the only one who would tell the country the truth.

Sir Charles Drury declared that he believed the navy was never more efficient and the country had never had a better first lord of the admiralty.

Major General Townsend declared that if the territorialists did not get all the training that was necessary the system and not the men, was at fault. He believed the territorialists could do as well as the forces in the American civil war.

Prince Louis and Earl Rosebery did not speak.

## St. Petersburg Uphear

St. Petersburg.—The Russian government has shown itself capable only of following Austria's triumphal car, said Deputy Savenko, a Nationalist, in introducing in the chamber of deputies an interpellation regarding the action of the police in charging the crowds and using their whips to suppress the pro-Slav demonstrations recently held. These popular demonstrations were held in honor of the victories gained by the allies of the Balkan allies over the Turks. M. Savenko said that the Nationalists should not blame any individual minister for the brutal methods employed, but the supine political policy of the government.

The minister of the interior, in replying, promised to investigate the accusations made against the police and, if sustained, to punish severely the guilty.

After several members had spoken the sitting was closed, owing to the uproar.

## Starts Iceberg Patrol

Washington.—Revenue cutter Seneca, commanded by Captain Johnson, will sail from New York for the ice field of the North Atlantic to warn shipping against icebergs, as a precaution against a repetition of the Titanic disaster. Captain Johnson has received instructions from Washington to keep in close touch with the Transatlantic liners and the hydrographic office of the navy, with warnings of danger by wireless. Within two weeks the revenue cutter Miami will relieve the Seneca and the latter will put into port for food and fuel.

## New Wolf Monument

Quebec.—The Battlefields Commission has awarded the contract for a new monument, to replace the Wolfe mausoleum, on the plains of Abraham. The new shaft will be an exact replica of the old one, which was erected by the British army in 1849, to replace the one erected by Lord Aylmer in 1832. The new monument will be raised a few feet and there will be granite coping extending over a radius of one hundred feet. The whole will be surrounded by a stone wall.

## INJURING EACH OTHER

New Step is Taken by Leading Steamship Companies

Berlin.—At the annual general meeting of the Hamburg-American line in Hamburg, Albert Boulin announced that the company had entered an agreement with the Cunard and the lines of the Mercantile Marine Company for mutual insurance in order to avoid the high insurance companies for insurance risks. Explaining the project Herr Boulin said that the insurance companies in recent times had done such a poor business that they had been compelled to resort to a heavy increase in the rates.

The German, English and American lines had for a long time been considering how they could relieve themselves of the growing burdens of the private insurance. Consultation with eminent English jurists and shipowners finally led to the decision to form a mutual company. This will at first include only the corporations just named. By their new system of insuring one another the lines hope to effect a substantial saving in insurance expenditures.

## Paper Plants for Canada

New York, N.Y.—Placing of news print on the free list will result in the removal of the International Paper Company's plants from this country to Canada, according to P. T. Hodge, president. Not only will this apply to the International, says Mr. Hodge, but to all the paper manufacturers at present located in the United States.

The Canadian government has offered many inducements to American paper companies and several of the larger ones have made preparations for such a movement.

Although the removal of the tariff will not reduce prices radically, according to paper men, it will result in the transfer of the industry to Canada where they will no longer be subject to the Sherman Anti-Trust law.

## Highwayman Tries New Method of Escape

Kingston, Ont.—Frank Jones, now in the penitentiary, who has sent a letter to Gov. Ammons, of Colorado, seeking extradition and stating that he and three others took part in the robbery of an express car of the Denver and Rio Grande train in 1908, and that they buried part of the loot which amounted to about \$50,000, is one of the notorious Meum Brothers, both of whom are in the penitentiary. Jones is now serving a term of thirty-six years for escaping from the penitentiary, assaulting officials, and attempted murder at Winnipeg. He is, one of a gang which made a sensational attempt to break away from the guards at Toronto station a year ago. Jones says if he is extradited he will tell where the rest of the hidden loot is.

## TO RECOGNIZE CHINA

United States Will Probably Officially Notice New Republic

Washington, D.C.—Recognition of China was discussed at length at a cabinet meeting, but no decision was reached. It is very probable that the United States will recognize China as a republic when the constituent assembly meets on April 8.

While this government is said to desire to be the first to show its faith in the stability of the new Chinese republic there are many indications that action will be deferred until the constituent assembly organizes.

Secretary Bryan has been in conference lately with the Chinese minister and President Wilson and his cabinet are taking the deepest interest in the Chinese situation.

## Dayton Facing Serious Food Problem

Dayton, Ohio.—Dayton is facing one of the gravest problems that any city of the world ever faced, and we want the world to know we need money and food for our stricken people, said John H. Patterson, president of the relief committee, after he returned in company with H. E. Talbot, chief engineer, from a tour of sections swept by the flood last week. Although several carloads of provisions were received, officials in charge of the work stated that the food situation was a matter of grave concern. More refugees have applied for assistance. We must have rations for more than 100,000 people for an indefinite period, Mr. Patterson declared.

## Douks Going to B.C.

Saskatoon.—A train load of Doukhobors outward bound on the exodus from Saskatchewan to British Columbia, passed through here recently. There were six hundred Doukhobors and their families on board. This is the third consignment, two train loads numbering 1,500 having left last fall. They came from Verigin, Sask., and are bound for Castlegar and Kinnaird, where their compatriots have established a fruit farm.

## Has Beaten Kaiser

Berlin.—The German Emperor's trouble with his tenant Helmut Schost has been settled after being before the courts for several months. The tenant has consented to vacate his farm voluntarily, although his lease has five years to run. The consideration paid him has not been published, but he is to receive the order of the Royal Crown as a token of the Emperor's retraction of the statement that he had thrown out his tenant because he was utterly inefficient.

## SHIPS OF THE POWERS

EUROPE TO SNATCH VICTORY FROM MONTENEGRINS

Warships are now Making a Demonstration to Intimidate the Montenegrins, and Should this Prove Ineffective, Powers May Occupy a Port to Enforce Dictum.

London.—Just as Montenegro has scored her first real success by getting a foothold on Tarabosch, the key to Scutari, the warships of the powers are gathering along the coast to compel her to give up the most precious fruits of five months' fighting. After a series of desperate engagements, the Montenegrins assisted by the Serbians, are practically in command of Tarabosch. Simultaneously with the arrival of this news, came the further information that Australian warships are anchored off Antivari and that British and Italian warships are on their way to join them for the purpose of making a demonstration, which is approved by all the powers, not excepting Russia.

Should the demonstration prove ineffective, it is understood that the Montenegrin port of Dulline will be occupied. When the Montenegrin trouble is out of the way, it is likely that the powers will have to deal with Serbia. She has informed the British minister that it was impossible to withdraw her troops from Scutari, as Serbia was bound to Montenegro until peace had been signed, and that any drawing out at the present time would be the death knell of the Balkan alliance.

Servia, too, is reported to be preparing for the permanent occupation of Durrazzo. This action would be directly against the decision of the powers.

An agreement has practically been reached, with regard to the boundary between Turkey and Bulgaria, although Bulgaria is guarding against any slip in the peace negotiations and is moving virtually the whole of her Adrianople army to Tchatalja. The captured town will be left in possession of General Darnes.

An agreement is reported as having been arranged between Bulgaria and Roumania, the latter getting Silistria.

## TO QUICKEN DOMINIONS

British Government Retention of Ships Causes Some Irritation

Sydney, N.S.—The Sydney Sun, referring to Australia's proposed naval expansion, says: The British Admiralty will welcome another super-dreadnought for the Imperial fleet, as it will quicken the pace of the other overseas Dominions in the matter of naval construction.

The arrival of the new Australian battleship, New Zealand, in Australian waters, caused by the Government's change in the plans for battleships of the future. It was intended that the New Zealand should cover with her sister ship, the Australia, the Pacific, and the Admiralty's change of opinion on this matter, leaving the Australian alone in the Pacific, is perhaps the cause of the acerbity to the Australian programme.

## TRANSCONTINENTAL PROGRESS

Ninety-Five Per Cent of Grading Between Moncton and Winnipeg Done

Ottawa.—In reply to a request from Hon. George P. Graham for a return regarding the progress that has been made on the National Transcontinental railway, Hon. Mr. Cochrane replied that all told, the length of the railway from Moncton, N.B., to Winnipeg, was 1,804 miles of which 1,695 miles of grading had been completed, or 95 per cent; 1,720 miles of main line track had been laid and 320 miles of siding; 1,170 miles of telegraph line had been completed; the bridges were 85 per cent completed and it was expected trains would be running into Quebec by September 1.

## Torture Exhibits

London.—Following a suggestion made by Baron Von Horst of San Francisco and a number of Americans, English suffragists are collecting various instruments used in the forcible feeding of women prisoners. These include screws, and pliers used to force the jaws apart, feeding tubes and other utensils. The collection has been lent by doctors friendly to the suffragists. It will be exhibited in American cities and will afterwards be forwarded as a gift to the Smithsonian Institute.

## Free Gold in Ontario

Sudbury, Ont.—Word reached town recently, that Ludson Brothers, Copper Cliff, who have the contract for sinking a twenty-five foot shaft on the property of D. McDermott, of Escanaba, Mich., in the township of Davis, Sudbury district, have made a rich find of free gold. The property is thirty-five miles from Sudbury on the new C.N.R. line from Winnipeg to Ottawa. The find has created considerable excitement among the mining men here.

## C. P. R. Plans Typhoid Inoculation

Calgary, Alta.—All employees of the Canadian Pacific on the Alberta and Saskatchewan divisions are to be inoculated against typhoid fever. In the neighborhood of 8,000 employees were inoculated last year and of this number but two were taken with the disease.

## GERMANY TO CONTROL AIR

Conquest of Air May Prove as Important as That of the Sea

London.—Details of German's coming gigantic expenditure on naval aircraft published in London, have produced a remarkably unfavorable impression here. Under the new scheme the German navy will have two naval squadrons, four airships each, all in commission, and fifty aeroplanes divided into seven fleets. Further military aircraft increases will give new fleets of thirty new airships and 250 new aeroplanes.

Cuxhaven Point, the most convenient for a fleet to the united kingdom, is being specially developed for aircraft. These particulars following the modest expenditure of 850,000 pounds, announced in British estimates have given British public a shock.

Last week the demand that we should plunge into large immediate expenditure on war aircraft was confined to a small group. To-day it is general talk.

The Daily Mail, which is admitted the leading authority on aviation in England, supported the government programme a fortnight ago, but now declares that new German measures will necessitate immediate revision of British measures. Today it makes an announcement the significance of which will be understood when it is remembered that Lord Northcliffe has played a leading part in aircraft development in England. It declares that danger to this country and the fleet, caused by the development of foreign airships, is exaggerated. No invention has yet made them anything but the sport of winds. While they have made numerous fine voyages not one of them has equalled the records of ordinary spherical balloons driven before the wind. The future lies with the waterplane, which is an aeroplane able to alight and start from water. In meeting an attack of airships the waterplane can manoeuvre much more quickly, especially in rough weather, and it is believed that the fleet provided with sufficient waterplane scouts would be able to seek out and destroy airships.

## OLD AGE PENSIONS

Some Ideas are Laid Before Committee at Ottawa

Ottawa.—F. A. Acland, deputy minister of labor, told the old age pension committee that there was no way out of the old age pension scheme for the destitute deserving poor. He also favored the government taking up and developing the present annuities system, so as to make it both attractive and profitable to the wage earners and people of moderate income. This might have to be by contributions.

J. C. Watters, president of the Dominion Trades and Labor Congress, gave very strong evidence in favor of an old age pension scheme. He maintained that it was absolutely necessary for old to be given to wage earners who are not sure of steady work and who in addition have large families to support, so as to prevent them from drifting down into helpless poverty. Mr. Watters said he was also in favor of the government taking care of both widows and mothers with proper assistance. It has been found in other countries that it is cheaper to aid the mothers than maintain their children.

## FORTUNE OF \$75,000,000

Estimated Wealth of the Late J. Pierpont Morgan

New York.—Estimates of the fortune left by J. P. Morgan, range from \$75,000,000 and \$125,000,000. It is understood that the financier's will is of recent date, but no intimation has been made as to when it would be given to the public. Mr. Morgan's personal counsel declines to discuss the matter.

Those who shared Mr. Morgan's close friendship predict that there will be large charitable and public bequests although it is conceded that the son, J. P. Morgan, will doubtless receive the bulk of the fortune. Mr. Morgan's holdings were small. By far the largest part of the estate it is understood will be made up of gilt edge securities.

## Coal for All Canada

Lethbridge, Alta.—A surprising condition as regards Alberta's coal resources and future supply is indicated by engineers' reports just given out at Lethbridge, now recognized as the leading city and distributing centre of the coal belt. The evidence accumulates to indicate that coal is present in this Province in quantities to last for centuries, and even to supply all Canada during that period. Since the American coal strike of last year the demand for Alberta coal has increased rapidly, nothing but labor shortage now standing in the way of the more adequate development of many important mines. New railway lines will soon be opened to Bassano and the Saskatchewan border, thence northward through Saskatchewan, and these are expected to create an enormous additional market for Alberta coal.

## Irrigation Conference Date

Lethbridge.—Norman Rankin, permanent secretary of the Western Canada Irrigation association, announces through the associated board of trade that the dates chosen for the annual convention in Lethbridge are August 5, 6 and 7.

## THE SUNDAY SCHOOL

LESSON II.—SECOND QUARTER, FOR APRIL 13, 1913

Text of the Lesson, Gen. xxviii, 10-22.

Memory Verses, 20-22—Golden Text, Gen. xxviii, 13—Commentary Prepared by Rev. D. M. Stearns.

Isaac, having endorsed the going away of Jacob, blessed him again and this time truly, and sent him away to his mother's people that he might find a wife among the daughters of Laban, his mother's brother. So Jacob went out from Beersheba where Isaac seems to have continued to live since the record in chapter xxvi, 32, 33, and went toward Haran.

Haran was in the name of Lot's father, and he died in Ur before Abram was called out. It was also the name of the place where Abram tarried until Terah, his father, died (chapter xi, 27-32). It was from thence Rebekah came to be the wife of Isaac. It would have been a long journey for Jacob from Beersheba to Bethel in one day (between forty and fifty miles), so it was perhaps his second night out on which he had this remarkable experience. That matters not, however. It was the dream or vision that counted rather than the time when.

That one who had acted as Jacob had should have such a revelation from the Lord is the wonderful part of the transaction. There are, however, two very prominent facts in all the Scriptures which continually attract our attention. One is the exceeding sinfulness of man, with his deceitful and desperately wicked heart, and the other is the exceeding riches of the grace and love of God.

It does not matter as to the kind of ladder, whether steps of stone or some other kind. But the great fact is that Jacob saw a way of access from earth to heaven, angels ascending and descending, and he heard Jehovah from the top of the ladder talking to him most graciously and in such words as no mortal could expect or by any means deserve.

Because of Jacob's unworthiness and the wondrous grace of God notwithstanding even I have ventured to appropriate and have proved in worldwide journeyings the comfort of verse 15.

The Lord, who stood above the ladder and spoke the words of love and grace, no doubt referred to that night and that event when he said to Nathaniel: Verily, verily, I say unto you, Hereafter ye shall see heaven open and the angels of God ascending and descending upon the Son of Man. (John i, 51). Some day when the New Jerusalem shall have taken its place over the earth and the elect Israel all righteous and the holy angels shall all be in perfect accord with the Lord in administering the affairs of the kingdom we may think of and understand this vision more fully. Meantime let us think of Him who is the way, the truth, the life, who became man for us. The ladder was set up on the earth. It starts from just where you are. You may step on it if you will, but it must be with both feet clean off the earth, actually in Christ.

It reaches heaven; it is not too short. To mount day by day we must look up steadfastly and see Him who is in heaven for us. Run with patience, looking unto Jesus. The angels will be always ministering (Heb. xii, 1, 2; i, 14). Notice the four "beholds" of verses 12, 13, 15. Between the time of Jacob's leaving home and this night's experience it looks as if the Spirit had been working some true penitence in Jacob's heart, and this special revelation and message was the result of it. When we turn homeward the Father always wants to meet us, according to Luke xv, 20.

Such overwhelming grace made Jacob feel somewhat as Simon Peter did when the Lord filled the ships with fishes and Peter said: Depart from me, for I am a sinful man, O Lord! (Luke v, 8). We do well to remember that the Lord is ever with us and that every place with Him may be to us the house of God and the gate of heaven.

The pillow becoming an anointed pillar and the fact that believers are called stones (1 Pet. ii, 5) suggest that instead of being prone upon the earth we may become upright, anointed living stones to the glory of God.

Jacob's vow in verses 20 to 22 may be good or not so good. If he is bargaining with God after all the gracious assurances, as our authorized version would seem to indicate, then his language and his spirit were poor indeed. But if he said: Since, on seeing that God will be with me (verse 20), his words are better. He has been considered by some a very mean man but if any who read these words do not give the Lord at least a tenth of their income are they not meaner than Jacob?

No further incident of his journey is mentioned, but he certainly had enough to think about and to comfort and sustain him for years to come in that vision. He reached his destination, met his cousin, Rachel, at the well, helped her to water her father's sheep for the kept them, and home. He loved Rachel, agreed to serve seven years for her that she might become his wife, and they seemed unto him but a few days for the love he had to her (xxix, 20).

In Hos. xii, 12, we find this statement: Jacob fled into the country of Syria, and Israel served for a wife, and for a wife he kept sheep.

# VOTE FOR STAUFFER

## Liberal Candidate

During his term of office, large grants for roads were obtained, 90 bridges were constructed, and four ferries installed. Over 400 pole miles of telephones were constructed.

### Progressive Legislation Enacted

- NO. 1. FARMERS ELEVATORS to bust Elevator Trust.
- NO. 2. FARM MACHINERY ACT, protecting farmers from rapacious Implement Corporations.
- NO. 3. DIRECT LEGISLATION, placing legislation directly in the hands of the people. Total prohibition of the liquor traffic can thus be placed on the statute books by a fair majority instead of a three-fifth majority.
- NO. 4. MINES ACT, BUILDING AND EXCAVATION ACT, protecting the workingman.
- NO. 5. THRESHERS EMPLOYEES ACT.
- NO. 6. CONSOLIDATED SCHOOLS ACT.
- NO. 7. SINGLE TAX IN MUNICIPALITIES.

Attend the Meetings and hear about all this from Mr. Stauffer.

#### WANTED---

Veal Calves, Dressed  
Pork, Mutton, Beef  
and Poultry

Calgary Prices are high, very  
high, on these lines.

If you wish to get the benefit of these prices, ship to me direct. Current prices quoted on application. But you don't need to wait for prices. Ship in your goods and the returns which you will receive will more than please you.

I want 500 live hens at once and will pay 15c per lb. for them.

A. M. BRINK,  
1508 6th St. West, Calgary  
Reference, Bank of Commerce  
East Calgary.

#### Horses for Sale

14 head of horses; young stock, yearlings, 2 year olds and up. About 12 fillies and mares in bunch. Ten months credit will be given on good bankable notes. Apply Walter Smith, Didsbury P. O., southwest 1/4 Sec. 24, T. 31, R. 4, W. 5. M 12-4

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silke, 29 Dowling Street, Sydney, Australia. This remedy is for sale by all dealers.

#### Jno. Laycock Meets Sudden Death

The community was shocked on Friday afternoon last at the sudden death of John Laycock, drayman in the employ of Mr. John Metzgar, which occurred between five and six o'clock at the railroad tracks. It appears that deceased was hauling haled hay from the grounds east of the track to a car on the siding almost opposite the section foreman's house for H. B. Atkins and was assisted by Mr. Al. McInnis, who states that they had just brought a load onto the tracks when by some means two hales on which deceased was sitting driving the team became displaced, sliding down and carrying Mr. Laycock with them. Mr. McInnis, who was sitting on the back of the load, immediately ran forward to stop the team but found deceased lying on the ground with the lines wound around one leg and his head smashed as though the wheel had passed over it. Blood was pouring from the mouth and death must have been instantaneous. Help was summoned and Dr. Weart, who happened to be close at hand, was called, but of course there was nothing to be done as deceased had passed away. The body was taken to the fire hall and Dr. G. M. Reid, coroner, after viewing the remains and making enquiries into the accident, decided that an inquest was unnecessary as the death was purely accidental.

Mr. Laycock was very well and favorably known in town where he

has been residing for some time. He was known as rather of a quiet disposition, steady and reliable, and well liked by all who knew him. He came to Didsbury about nine months ago from Calgary but formerly lived at Mound City, Mo., and was a close friend of John Metzgar for a great many years before coming to Didsbury. Deceased had no relatives in this country or in the States so far as is known but his correspondence shows that he has a brother at Birkdale, Southport, Eng., who has been communicated with.

The funeral took place at the Evangelical church on Sunday afternoon and the body was interred in the Didsbury cemetery.

#### Card of Thanks

We wish to thank all those friends who contributed flowers or in any other way helped us at the recent sudden death of our friend Mr. John Laycock.

MR. AND MRS. J. METZGAR

#### Council Meeting

The Council held their regular meeting on Monday night in the Council chambers, Mayor Atkins, Councillors Chambers, Durrer, Osmond, Sinclair, Moyle and Sec. Treas. Sinclair being present.

A few unimportant communications were read and left to the Secretary to answer.

Bills in the hands of the Sec. Treas. and O. K'd were ordered paid. These were for small amounts excepting one for \$365.67 from the Northern Electric Co. for construction supplies.

Coun. Chambers, chairman of the

Light Committee, stated that nearly all the bills for construction account had now been paid.

What public works should be done this year was then discussed and it was decided that the work that was to have been done last fall and which was spread on the minutes and stopped by the early frost should be gone on with. This includes one or two small pieces of sidewalk and one larger piece in east Didsbury which the ratepayers who benefit thereby have promised to build if the town supplies the material. Coun. Moyle, chairman of the Board of Public Works, will make a tour of inspection and bring in a report at next meeting in regard to other work. He will also inspect the roads around Reiber's scales and Howe's scales to see what can be done in regard to draining the streets where these scales are located and which are blamed for the trouble.

The question of purchasing lumber for sidewalks came up and it was reported that Mr. Howe wished to supply some of the lumber in lieu of back taxes. Coun. Osmond stated his position on the matter that tenders should be called for such material as this. However, the majority of the Council thought that Mr. Howe should be given a chance to supply some of this lumber on his back taxes but that prices from all the dealers should be received. Coun. Moyle will look into the matter.

The by-law regarding licenses which has been amended several times has been drawn up anew and received its first and second reading at this meeting.

The back tax question came up and as those owing taxes had been very lax in responding to the Council's first appeal for money they will again be notified that these taxes must be paid or dire consequences will be the result.

The Council then adjourned.

#### Secure Some of These

A good way to advertise the town and district would be for the business men and farmers to buy 100 genuine photos of farm and town scenes of Didsbury district from Vogel, the photographer. One of these photos enclosed in a letter would perhaps be productive of great good to the district, consequently to each individual in the district. The price of 100 of these cards is \$4.50.

#### Westcott News

A meeting in the interests of G. B. Sexsmith, the Conservative candidate, will be held at Garfield school house on Saturday night next at 8 o'clock. The Westcott-Cremora brass band will be present to entertain the people for a short time. You had better come out and hear the speakers. Everybody welcome.

Mr. Amos Wilson started into his spring work and expects to have forty acres sown by the end of the week.

E. F. Braun has just completed hauling 100 tons of hay to Didsbury.

John Weidner and Miss Hester Murphy were the guests of Mr. and Mrs. E. F. Braun on Sunday.

Dan Russell has moved to his new home on the Geo. Berscht farm.

Mr. Ken Moir and Miss Retta Brown made a business trip to Didsbury last week.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it will give relief. For sale by all dealers.

Don't miss the Auction Sale at J. B. Stone & Son's Carstairs, on Saturday, April 12th.

## INFLAMMATORY RHEUMATISM

Conquered by GIN PILLS

Mr. W. G. Reid, Hamilton, Ont., writes: "I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I tried almost everything known to medical science and sought change of climate without relief. Your manager in this city recommended Gin Pills and I have since taken eight boxes and am now cured. I consider Gin Pills the conqueror of Rheumatism and Kidney Disease."

50c. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto 132

## Maypole Soap

FOR HOME DYEING

Washes and dyes at one operation, giving remarkably clean, bright, fast colors. Dyes cotton, wool, silk or mixtures. 24 colors, will give any shade. Colors 10c, black 15c at your dealer's or postpaid with 10c let "How to Dye"

## Who Can Tell?

Well, I'm kind of sorry it's a girl. Nonsense. She may be Premier of Canada some day.

## NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New Health-giving Blood.

In the spring the system needs a tonic. To be healthy you must have new sap to renew their vitality. Nature demands it, and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp, stabbing pains of neuralgia. Often there are disfiguring pimples, or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What you need in spring is a tonic medicine to put you right, and in all the world of medicine there is no tonic can equal Dr. Williams' Pink Pills. These pills actually make new, rich, red blood—your greatest need in spring. This new blood drives out the seeds of disease and makes easily tired men, women and children bright, active and strong.

Mr. John Walfield, La Have Islands, N.S., writes: "I take a great pleasure in telling what Dr. Williams' Pink Pills have done for me. I am a fisherman and fifteen years ago through hard work my system became run down and I could scarcely work at all. I lost in weight; my blood became poor, and I was very weak. I consulted several doctors but their treatment did not help me so I decided to try Dr. Williams' Pink Pills and in a short time I was entirely well again. My wife and daughter also used them with benefit. We think so much of the Pills as a family medicine that we always keep them in the house."

These Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Minard's Liniment Cures Burns, Etc.

Most of us like hot weather best when the mercury is twenty below.

If one be troubled with corns, it warts, he will find in Holloway's Cure an application that will entirely relieve suffering.

Many a useful old maid has been spoiled to make a good wife.

Do You Know What This Label Means?

It means cement of the highest possible quality. It means cement tested by experts whose authority is final at all our mills. It means cement acknowledged by engineers, architects and hundreds of thousands of farmers to fulfil every requirement of scientifically made Portland cement. It means a cement that is absolutely reliable, whether used for a great bridge or for a concrete watering trough. You can use

## Canada Cement

with complete confidence that your concrete work will be thoroughly satisfactory. You ought to have this confidence in the cement you use, because you have not the facilities for testing its qualities, such as are at the disposal of the engineers in charge of big contracting jobs. These engineers know that when cement has passed the tests made upon it at Canada Cement mills, it will pass all their tests. And this same cement is sold to you for your silo, your foundations, your feeding-floor, your milk-house or your watering-trough. Used according to the directions in our free book "What the Farmer can do with Concrete," Canada Cement never fails to give satisfactory results. Write for the book. It not only tells you how to mix and place concrete, but will also suggest scores of uses for it on your farm, every one of them valuable to you. In asking for the book you do not incur the slightest obligation.

## Poor John

John, you never listen to half the things I say to you, she complained. Well, dear, he replied, I have to work part of the time.

## A Mistake

Blinkers—Halloa, Winkers! I hear you married a woman with an independent fortune.

Winkers (sadly)—N-no; I married a fortune with an independent woman.

## Schoolgirl's Exhausted Nerves

Headaches, Dizzy Spells and Weakness Overcome by Dr. Chase's Nerve Food.

## Miss Gallop.

At about the age that most girls are working hardest at school studying for examinations there are important physiological changes taking place which are an additional strain on the nervous system.

Mrs. J. A. Gallop, 135 Victoria street, St. John, N.B., whose husband is a carpenter, states: "We have used Dr. Chase's Nerve Food in our family for nervousness, headaches, dizziness and nervous dyspepsia, and have found them satisfactory in every particular. My daughter Beatie was going to school, and became quite run down in health. By the time she had used three boxes of this remedy her nerves were steady, her general health was excellent and she was entirely free from headaches and dizzy spells. We are more than pleased with the results of this treatment."

"More recently we used the Nerve Food for my granddaughter, who was out of school for nearly a year from nervous trouble, and noticed improvement in her condition at once."

Dr. Chase's Nerve Food, 50c. a box, 6 for \$2.50. All dealers or Edmondson, Bates & Co., Limited, Toronto.

## No Blame

Lecturing Professor (to Jones, who has just roused himself from a sound sleep)—Had a good sleep, Jones? Jones (drowsily)—Good! Don't blame you. So'd I.

## HER SYMPATHY MAKES HER SPEAK

DAME MAYER TELLS HOW SHE FOUND A CURE IN DODD'S KIDNEY PILLS.

Suffered for Three Years From Rheumatism, Headache, Palpitation, and Bright's Disease—Dodd's Kidney Pills Cured Her Kidney's and Made Her Well.

Huberdeau, Argenteuil Co., Que. (Special).—"I am always glad to tell of my cure because I sympathize with others who may be suffering as I did." So says Dame Joseph Mayer, well known and highly respected here.

"For three years I was a very sick woman. Rheumatism, headache, palpitation of the heart and Bright's disease were my succession of troubles, but Dodd's Kidney Pills cured them all. I used twenty-four boxes to complete my cure, but they certainly made me well."

"I will never be without Dodd's Kidney Pills in the house."

Dodd's Kidney Pills cured Dame Mayer's ills because they are all caused by diseased kidneys. Dodd's Kidney Pills always cure diseased kidneys, and with cured kidneys straining the seeds of disease out of the blood, the rheumatism, Bright's disease, headache, and palpitation of the heart are bound to disappear.

You never heard of a case of kidney disease that Dodd's Kidney Pills would not cure.

The unsuccessful person is generally the one who is a second too late.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

## SNAP

THE HANDY HAND CLEANER

Keep a can at your office workshop or home. Always useful, antiseptic. Good for your hands. All Dealers sell SNAP.

SNAP COMPANY, LIMITED, Montreal.

## To the Electors of the Constituency of Didsbury

I appeal to your support in the coming election on the following grounds:

1. The Government has signally failed to solve the Alberta and Great Waterways question, and the condition of the Province at the present time is as follows:

(a) The Confiscating Act passed by the Government has damaged the credit of the Province with foreign investors.

(b) The Province is at the present time paying interest on the Alberta and Great Waterways money in the banks at the rate of \$1,135.00 per day. The Privy Council has decided that the money must remain in the banks and cannot be used by the Province. Interest at the above rate must be paid by the Province until such time as a solution of the difficulty is arrived at.

(c) There are claims against the Province at the present time in connection with the Alberta and Great Waterways matter amounting to over \$3,000,000.00 which must be settled by the Province. In addition to this the Province has incurred great expense by reason of the law suit with the Royal Bank of Canada. All the above could have been avoided had the Government settled with the Alberta and Great Waterways Company, as was suggested by the Liberal-Conservative party at the time.

2. The public debt of this young Province is at the present time nearly \$40.00 per head as compared with \$10.00 per head in the Province of Ontario.

3. The Temperance legislation of the Sifton Government has been ineffective and troublesome, and caused great expense and difficulty to those supporting the Temperance cause. I pledge myself to support Advanced Temperance legislation irrespective of party politics.

I am receiving support not only from the Liberal-Conservative party, but also from many independent Liberals, and if elected will endeavor to the best of my ability to advance the interests of my constituency.

Yours faithfully,

### G. B. SEXSMITH

Liberal-Conservative Candidate for  
Didsbury Constituency.

## AROUND THE TOWN

(Continued from first page.)

Don't forget the Liberal meeting in the Opera House on Monday night next.

The W. C. T. U. will hold their regular meeting next Monday, April 14th, at 3 o'clock in the Presbyterian church. The subject will be "For good of moral reform and local option." All ladies of the community are cordially invited to attend.

Juanita Rush and her company of talented players stopped off in Didsbury on Tuesday night and gave their performance, "Managing Mildred." Unfortunately through some of their business arrangements failing, the show was not advertised long enough ahead and consequently was not as well patronized as it should have been. However, the company are regular gloom-chasers, their wit and humor was clean and excellent and their singing, of which there is considerable through the piece, which is a musical farce comedy, was much better than the average. Their ladies' orchestra alone is worth the price of admission and their cello and violin soloists brought down the house. Mr. Hunt, their representative, stated that they might return to Didsbury next season, and if they do they will get a good reception.

## BUSINESS LOCALS

### 5C A LINE IN ADVANCE IN THIS COLUMN

All Business Locals, Want Ads, Lost, Found, Etc., Etc.

**THE PEERLESS** way makes poultry pay. Call and examine the Peerless Incubator and Brooder at Massey-Harris office. Felker & Boettger, agents.

Also Travelling Goods and Gloves

No trouble to show goods even if you do not buy.

Our terms are Strictly Cash.

**E. LINDQUIST** The Didsbury Harness Man

## Football Officers Elected

A well attended meeting of those interested in football was held at the depot last week to talk over the outlook for the great game this year and to appoint officers. Mr. Coffey was asked to take the chair and Mr. Grant acted as Secretary. The financial report for the year 1912 was presented by Mr. McGhee, the retiring Secretary-Treasurer, giving a detailed report of receipts and expenditures and showing a small surplus which, considering the amount of work undertaken by the club last year in fixing up the grounds and other extraordinary expenditures, was considered very good, although of course financial aid will have to be given the club this year to assist them in their work of advertising Didsbury with a good football club.

The following officers were then elected:

Hon. President, Mr. J. E. Stauffer; Hon. Vice-Presidents, G. B. Sexsmith, T. W. Cuncannon; President, W. G. Liesemer; Vice-Presidents, L. J. Kalbfleisch, H. W. Chambers, H. C. Forrest, D. C. Davidson, J. Findlay and A. G. Studer; Secretary, E. G. Grant; Board of Directors, L. J. Kalbfleisch, Tom Stark; Grounds Committee, J. McGhee, Lorne Good, L. J. Kalbfleisch, E. G. Grant, Mr. Cole; Finance Committee, F. Kaufman, E. G. Grant, H. Liesemer.

**THERE** is more money in raising poultry than in any other branch of animal husbandry. Do it now with a Peerless Incubator and Brooder. The best machines for the purpose sold in Canada. Felker & Boettger, agents.

**STONE & SON** of Carstairs will sell canned goods, crockery, boots and shoes, clothing, etc., at auction April 12.
